RE: MB Docket No. 04-233

Dear FCC

We would like to voice our opposition to the proposal to allow priority of LPFM stations over FM translator service.

We are strong supporters and listeners of the K-LOVE stations that require the use of FM translators in order to broadcast in our area. It is a tremendous value to have one station that is broadcasting all over the country. They provide a safe, wholesome alternative to families in cities all over America. This is truly a community service, which will be sorely missed by thousands of people if this expansion of LPFM stations is adopted.

It is also a service to be able to travel throughout our country and have this encouraging station available. There are few radio stations that offer such positive, family-friendly programming.

We are urging you to not allow the expansion of LPFM to interfere in anyway with current FM translators. Interrupting K-LOVE's broadcasts would do a disservice to hundreds of thousands of faithful listeners.

Thank you for receiving and considering our comments.

Sincerely,

Murray & Lois Clark and Family
